

LEISURE 28

With 8,44 meters worth of lush and spacious luxury, Leisure 28 is a top priority among motorboat connoisseurs and those seeking the ultimate marriage between modern Scandinavian design and raw performance. Leisure 28 has become one of the most popular luxury designer boats in its class. The design is uncompromising, in the way that functionality comes first. The beautiful lines and surfaces, the graceful details and the impressive amounts of space, and the freedom to move around. Whether you will do high speed sailing in smooth waters, or ride big waves at the ocean, the RAND Leisure will maneuver with a fun and engaging steering while remaining stable and safe.

RAND

BRIEF INTRODUCTION

General: Leisure 28 is modern luxury inside but with a tough, protective exterior. The spacious cockpit and its up to 12 passengers are sheltered safely behind the tinted windshield, built around a frame of stainless steel with a practical round grab-rail for safety, and an opening to the spacious foredeck through the practical windshield hatch.

Lightweight construction: The lightweight construction is fundamental for a boat. We use materials developed from recycled plastics and bio-based hybrids to optimize the environmental impact and create the best possible solution. The RAND Leisure consumes significantly less than traditional boats and will be the environmentally friendly choice within the watersport boat-category even if choosing a gasoline engine.

Spacious sun lounge: Leisure 28 invites everyone onto a platform of relaxation with an excessively well appropriated layout where the large triple aft sun lounge, expandable oversize u-sofa, full kitchen and 2-split door toilet make up the cockpit, and the spacious 2 person luxury cabin make up the lower deck.

Cabin with the queen size bed: As an integral part of the ultimate luxury provided onboard the RAND Leisure's naturally illuminated cabin holds a queen size bed for two persons when staying overnight.
