

PLAY 24

The PLAY 24 concept follows the RAND vision of easy and intuitive leisure activity at sea and adds a great amount of fun, space, performance and speed on top. The 24ft day-boat seats up to 10 persons and offers an impressive level of customization and comfort. The bow seating area can transform into an XL sunbed, and the aft area can transform into a relaxing king-size sunlounge.

Praised by boating journalists and owners, RAND Play 24 serves all needs for nautical fun lovers and water sports enthusiasts.

79 900 €

RAND

BRIEF INTRODUCTION

General: A dedication to easy movability the Play 24 layout offers an overwhelming sense of space compared to competing boats in the range, and gives the versatility of usability scenarios to its owners, whether dining in the bow with an unhindered view of the sea, dazing in the rays on the luscious aft sun lounge, or cruising at full speed by the sporty captains steering console.

Lounge area: The bow lounge area can comfortably seat up to 7 people and transforms into an XL 200 x 200 cm sunbed protected by the high backrests.

Helm station: The helm area provides great seating for 3 people while also forming an oversize chaiselon in connection with the swimplatform. The backrest can transform to create a kingsize sunbed and also support the captain in a raised steering position for a better view.

Unique features: The design is uncompromising, in the way that functionality comes first. The beautiful lines and surfaces, the graceful details and the impressive amounts of space, and the freedom to move around. Whether you will do high-speed sailing in smooth waters, or ride big waves at the ocean, the RAND Play will manoeuvre with a fun and engaging steering while remaining stable and safe.
